

Asanté 10T Hub/8, 10T Hub/12 and 10T Hub/24 Release Notes

Thank you for purchasing an Asanté Ethernet product!

Please find below the template for locating the screws in the wall when mounting the Asanté 10T Hubs on a wall. We recommend that you use two #6-32 1" long wood screws.

Mail Us Your Registration for Warranty

Please mail in your product registration card for warranty and to receive free technical support. By returning your registration card you will also receive new information on updates and new products.
